## **RefriAméricas 2025 | HVAC/R Industry Expo & Congress**

### **Welcomes *Listín Diario* as Official Media Partner in the Dominican Republic**

*Strategic media partnership to enhance the event's reach across the country.*

*A joint effort to promote technical education and innovation in the HVAC/R sector.*

**Santo Domingo (June 2025)** – RefriAméricas, the leading event focused on solutions for the HVAC/R industry, is proud to announce a strategic alliance with *Listín Diario*, the Dominican Republic's leading national news outlet, as its official Media Partner for the 2025 edition.

This collaboration aims to expand the event's visibility and strengthen its presence in the Dominican Republic through comprehensive media coverage, outreach, and informative content that connects more professionals, technicians, and business leaders with the congress program and the trade show, taking place July 23–24 at Sans Soucí Ports.

“Partnering with a respected outlet like *Listín Diario*, a benchmark in Dominican journalism, adds tremendous value to RefriAméricas. This alliance will help us reach new audiences and highlight the importance of technical expertise, sustainability, and innovation in our industry,” said Fabio Giraldo, Project Manager of RefriAméricas.

#### **About *Listín Diario***

Founded in 1889, *Listín Diario* is the most established and widely circulated media outlet in the Dominican Republic. With more than 130 years of journalistic excellence, it

stands as a pillar of responsible reporting, committed to truth, democracy, and national development. Its ability to deliver accurate information and remain closely connected to society makes it a key partner for high-impact national initiatives.

### **About RefriAméricas**

RefriAméricas is the premier gathering for HVAC/R industry professionals across Latin America. The 2025 edition will take place July 23–24 at Sans Soucí Ports in Santo Domingo Este, Dominican Republic, featuring a world-class academic program, technical site visits, and a commercial exhibition with leading industry companies.
