**Exclusive Technical Visit to the New Dominican Academy of the Arizona Diamondbacks
A High-Level Experience at a State-of-the-Art Facility**

- Exclusive access for registered congress attendees
- Limited to 8 participants
- Premier HVAC technology featuring Lennox VRF systems

Santo Domingo (April 8, 2025) – As part of RefriAméricas, the leading congress for HVAC/R professionals, an exclusive technical visit has been confirmed to the newly inaugurated Dominican Academy of the Arizona Diamondbacks, located at the Las Américas Complex in Santo Domingo. This cutting-edge training center, inaugurated in November 2024, is regarded as one of the most advanced sports facilities in the region.

Designed to host approximately 100 prospects, coaches, and technical staff, the complex features high-end infrastructure and stringent construction standards. In terms of climate control, the facility boasts a large-scale HVAC solution: a 250-ton project equipped with Lennox VRF systems, including a variety of indoor units tailored to the specific comfort requirements of different buildings within the complex.

“At RefriAméricas, our goal is to create valuable and memorable experiences for our attendees. This visit offers a unique opportunity to witness a large-scale HVAC solution in action within a high-performance environment,” said Fabio Giraldo, Project Manager of the event.

The visit will take place on **Tuesday, July 22, 2025**, and is limited to just **8 participants**.

Only registered, paying congress attendees who reserve and confirm in advance will be allowed to participate.
